

Gulls

Issue – Large numbers collecting on docks or areas where people live or recreate.

Suggestion – The usual reason for gulls collecting is a source of food.

- ▶ Stop people feeding gulls.
- ▶ Make sure trash is securely covered.
- ▶ Quickly remove any left-over food at picnic tables or outdoor restaurants.

Suggestion – Gulls like open areas where they can easily see approaching predators

- ▶ Allow grass to grow and change landscaping so there are fewer open areas.

Issue – Sitting on roof tops or docks and leaving lots of droppings.

Suggestions-

- ▶ Remove artificial sources of food that may be attracting them to the area (see suggestions above.)
- ▶ Put an outstretched slinky toy or rolled-up piece of plastic netting or chicken wire over the area.
- ▶ Install soft plastic spikes on the roof top.
